CRedit authorship contribution statement

Hernán Díaz Rodríguez: Conceptualization, Methodology, Software, Formal analysis, Investigation, Data curation, Visualization, Writing – original draft, Writing – review and editing.

Declaration of competing interest

The author declares that there are no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

Data availability

The raw experimental data underlying every figure and table in this article (run logs, aggregated CSVs, irace tuning records, instance files, and analysis scripts) are openly available on Zenodo ([10.5281/zenodo.2056288](https://doi.org/10.5281/zenodo.2056288)). Per-instance RE (%) results for all 70 Taillard instances are provided as a separate supplementary document ([10.5281/zenodo.20562857](https://doi.org/10.5281/zenodo.20562857)).
